# ASTOR PIAZZOLLA AT THE COLÓN 1983

March 12, Friday, 20:00

Main Hall, Teatro Colón

The Buenos Aires Philharmonic Orchestra recreates the concert of June 11, 1983, as a consecration of the brilliant composer and performer from Mar del Plata, with Conjunto Nueve and under the baton of Maestro Pedro Ignacio Calderón. The bandoneon soloist will be Daniel Binelli, who was a member of Astor Piazzolla's last band Sexteto. Conjunto Nueve features a group of great soloists, including Enrique "El Zurdo" Roizner, who actually participated in that mythical performance.
